Hi Jay,

I am actually being reassigned to a different office at EPA. Please follow up with Tamue Gibson, who is copied on this email.

Best regards,
Bethany Olson

Subject: SDS for PMN P-18-0070

Your environmental engineers had us add some verbiage indicating reproductive toxicity and aquatic toxicity based on some modeling/comparative data. Can you share the data they used for this determination or direct us to the proper person/s? We have gathered SDSs for comparable products from Stepan Company, Lanxess Solutions, Carpenter Company and others and find no indications of these hazards in their documents.

Thank you,

Jay Bartley
